

YOUR RADIOLOGY REPORTS

How To Find, View And Print Radiology Reports

Please Note: Radiology Reports appear on the Patient Portal **72 hours** after the report is read/completed by the radiologist, not from the time that you had your appointment. Your healthcare provider has access to your report as soon as it is read, completed.

1. Select > **Health Record**

2. Select > **Reports**

Health Record

Select an item below or a button to the right to view more details. Select Health Summary to view, print or download a summary of your care. [Learn More](#)
